Oracle Cycles
This bike has drop handlebars on a racing frame with 19 gears.
It has a razor seat with tread less tyres.
This Roadbike bike has 20mm tyres and a post height of 22.

Oracle Cycles
This bike has drop handlebars on a tourer frame with 14 gears.
It has a comfort seat with semi-grip tyres.
This Roadbike bike has 25mm tyres and a post height of 18.

Oracle Cycles
This bike has Bull Horn handlebars on a Hardtail frame with 27 gears.
It has a dropper seat with Maxxis tyres.
This mountain bike is a Pro bike and has a RockShox XC32 suspension and a frame size of 19inches.

Oracle Cycles
This bike has null handlebars on a null frame with 0 gears.
It has a null seat with null tyres.
